Matrons Club Receives Award

AN ACCOMPLISHMENT --- Mrs. Ruth Jeffries president of the Matron's Club proudly shows the placque signifying the group's obtaining life membership in the National Association for the Advancement of Colored People. The life membership and placque represents a $500 contribution from the club to the national organization, an effort that has taken several years. "Obtaining this membership has been a major goal of our organization and we're proud of its achievement," Mrs. Jeffries said.

Homestead

Things are moving fast over on Kay Street at HDP. Maybe...we have the CART in front of the HORSE. Right now we have to slow our pace, it is a three legged race with HDP, Model Cities, and the Municipal Authority. All I can tell you, is that the Municipal Authority controls the money. and who ever heard of anything running without money. With the mayor and city council approval of the program on the 30th of October hopefully we will hear some action on the Municipal Authority side of the house in progress soon.

The HDP Project Director, agrees with one of the local citizens who made the statement at the last Housing and Physical Environmental Improvement Task Force meeting, when she said,

"Let us stop talking and start working."

Upendo Halloween Carnival

On October 31, 1973, the Upendo Social Club sponsored a Halloween night carnival at Stanley Elementary School. On hand to help out with the affair was the Stanley School PTA club and several members of the school staff.

Over two hundred youngsters poured into the school gym to enjoy trick-or-treat night in a different fashion. The Halloween night carnival was the first of its kind for the school and was quite an enjoyable experience. The event was not a fund raising affair. The primary goal was to help keep as many youngsters as possible off the streets trick-or-treating that night.

We were engaged in an evening with plenty of fun and activities for all the children.

Children tested their skills at the apple bobbins booth, and at the balloon dart booth. Prizes for the best Halloween costumes were presented to the children by Mable Botley and Cheryl Magee.

The major attraction of the evening, the haunted house, was complete with ghosts, gobblins, witches, and the whole works.

To add to all the fun and enjoyment, there was plenty of free Halloween candy for all the youngsters.

Many of the parents present at the affair expressed their appreciation to the Upendo Club for what was felt to be a very worthwhile activity for the school children.

The committee coordinating and planning the event were: Carol Jones, Ann Davis, Darlene Anderson, and Lela Dacus chairman, with members Ellece Wells and Gertha Spivey working closely with the children.

President Norma Wright and the Upeno Club would like to thank those who came out and supported us in our efforts to make Halloween night a worthwhile activity for the pupils of Stanley School.

Lincoln H.S. on Turned On

Lincoln High School students will be the subject of "Turned On" this week. The program is designed to show some of the positive activities of youth.

The program will focus on several areas of student life including art, music, and sports. Don Shorter, from KTOY radio, is the host of the show which is sponsored by Teleprompter, Tacoma Model Cities, and Tacoma Public Schools as a public service to the community.

The show is broadcast on Thursdays at 7:30 on Channel 6 Teleprompter (cable television).

Seniors Share with

Senior citizens from Pierce County will share their activities with county residents on Nov. 18 at the Senior Citizens Awareness Day.

Congressman Floyd Hicks will address the group at 3 p.m. at the University of Puget Sound Field House. The program begins at 1:30 p.m. with a band from the Wright Park Seniors Center.

Other activities planned for the day include Una Arnold from the Tacoma Housing Authority, the Lakewood Dancers, Roaring '20s Puyallup seniors, and speakers from local and regional government. Also included in the afternoon will be booths displaying the activities and handicrafts of seniors.

This year's event is the second annual Senior Citizens Awareness Day to be sponsored by the Model Cities Senior Citizens Center. Director Bertie Edwards said that the purpose of the awareness day is to help Tacomans see what seniors are doing and to destroy some of the myths about inactive seniors.

Admission to the event is free. The public is invited.

Dear Tac-Vac

by: Ted Jefferson

Dear TAC VAC:

Q--I was discharged from the armed forces in 1965. Will the fact that my GI Bill deadline comes up in about seven months prevent me from enrolling even if it is only for that short time

A--No. You may still enroll and draw benefits until the deadline date. In fact, VA urged the 2.7 million veterans discharged before June 1, 1966, who have not used any of their entitlement, to enter training before May 1, 1974 expiration date. Moreover, if you enroll in apprentice, job, farm or flight training, the deadline will not occur until August 31, 1975.

Q--When a veteran takes an approved GI Bill correspondence course, does he receive the same allowance from VA as a veteran enrolled in a residence course?

A--No. The VA pays 90 percent of the cost of the course based on the number of lessons completed by the veteran and serviced by the school. The allowance is paid quarterly. One month of entitlement is charged for each $220. of benefits paid by VA.

Q--My husband was just accepted into a VA hospital for treatments he needs for his disability. This disability is not service-connected, so he got in on a space available basis. Will the government pay for the ambulance sent to move him to the hospital?

A--Only if he can attest he is unable to pay for that service. Transportation to and from VA hospitals is paid by the government in service-connected cases.

FOOD FOR THOUGHT

By G.M. Batie

The House Wife-

Housekeeping has been described as the oldest "Industry". It is certainly the most important.

In every household there are occasions when the housewife can without loss of dignity show that she is interested in the lives of those about her and concerned for their welfare.

My favorite recipe-I tried it last weekend and really enjoyed it:

Creole Gumbo

1-8oz can of Shrimp
1-8oz. can of crab
1 lb. Chicken wings
1 cup of chopped Salami
16 0z can of tomatoes
1 cup of hot sausage
1 cup of chopped green or dry onions
1 cup chopped celery
1 cup chopped green peppers
2 10 oz box cut frozen okra
Salt and pepper to taste

Boil chicken wings in 6 cups of water until meat comes off bones. Saute in frying pan celery, onions and peppers adding oil or butter, cook 10 minutes. Remove from heat and add to cooked chicken and stock (about 4 cups of stock). Ad tomatoes. Saute Okra in butter until light brown, add to pot. Add shrimp and crab meat. Cook 30 min longer on low heat. Serve over fluffy rice. 8 servings.

TACOMA PUBLIC SCHOOLS

If extreme weather forces the closure of Tacoma Public Schools, it will be announced in early morning hours on all local radio stations, district officials announced.

A decision to close schools is not normally made until early in the morning after consultation with Tacoma Transit Department officials, a spokesman said. So parents should not call the schools, but tune in one of the following local radio stations for an announcement: KTNT (1400), KTAC (850), KMO (1360), KVI (570),

Announcements about snow closures or late openings will come from either Harold Snodgrass director of publications, or from Jim Metcalf, assistant in publications.

Announcements from any other sources about Tacoma Public School schedules, including the Bates Vocational-Technical Institute, should be used only if verified by Snodgrass or Metcalf.

PROGRESS

By Dennis H. Puch
Hilltop Jaycees President

Before we begin to progress we must realize the vision of law. With this realization comes the knowledge that everything is included in a ceaseless interaction of cause and effect, and that nothing can possibly be divorced from law. From the most trivial thought, word, or act of man, up to the grouping of individuals law reigns supreme. Every condition of life is therefore, bound up in an orderly and harmonious sequence and the secret and cause of every condition is contained within itself. The law, "What so ever a man sows that shall he also reap," is inscribed flaming letters upon the strong, and none can deny it, none can cheat it, none can escape it. He who puts his hand in the fire must suffer the burning until such time as it has worked itself out, and neither curses nor prayers can avail to alter it.

Hatred, anger, jealousy, envy, lust, all these are fires which burn and whoever so much as touches them must suffer the torments of burning.

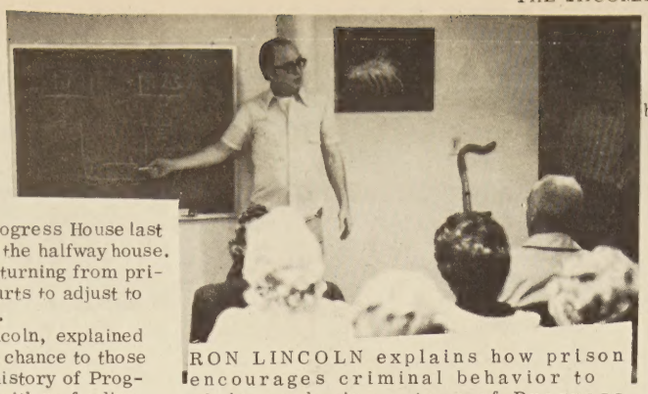
Community Tours Progress House



RON LINCOLN explains how prison encourages criminal behavior to visitors during a tour of Progress House.

About 50 people toured the Progress House last Monday during an open house at the halfway house.

Progress House helps men returning from prisons or men referred by the courts to adjust to society while living at the home.

One of the residents, Ron Lincoln, explained that the house is there to give a chance to those who want it. He explained the history of Progress House beginning privately with no funding and now operated by grants from Model Cities and State Law Enforcement Assistance Act funds.

Lincoln said that men out in prison have triple negatives: the original crime, being isolated in prison, and the time spent developing bad attitudes.

Men coming from institutions have no roots in society, according to Lincoln. "We try to give the men some roots before they go out on their own."

One of the goals of the open house was to inform the community about the operation of a halfway house. The counselors emphasized the fact that all residents are carefully chosen and supervised so they are not dangerous to the community.

Recently the house had difficulty beginning a halfway house for women because of objections by neighbors.

University of Scouting

By Clarence R. Walker B.S.A.

On November 10, the Mount Rainier Council is hosting the University of Scouting, a university-style training program, designed for all adult Scouters. Courses will be offered in 41 subjects, covering Cub, Scout, Explorer, and Handicapped programs at the unit, district, and council level. The "Cornerstone" course for new Scoutmasters will be given in four hours of training. Cub and Handicapped courses will be held in McIntyre Hall; Thompson Hall will be used for Scout and Explorer courses. First classes of the day begin at 9 A.M. and the last scheduled classes will run from 4 to 5 P.M.

Hot lunch will be available for approximately $1.75 between 12 and 2 P.M. at the Student Union Building. If you prefer to bring a sack lunch, a lunchroom will be available and coffee, etc., may be purchased. (Remember to allow a lunch hour time in your registration schedule.)

Babysitting (on a free-will donation basis) will be provided by a Girl Scout troop as a service and fund-raising project. Only youngsters who are toilet-trained will be welcome. Please bring a sack lunch for your child.

Registration will open at 8 A.M. on November 10 in both McIntyre and Thompson Halls. However, by filling in the form below, you may preregister to assure your courses for the class hour you prefer. Classes will be filled on a first sign, first enrolled basis, according to space available. (Those without sufficient enrollees will be canceled.)

As you attend classes during the day, instructors will sign for your attendance. In order to receive credit toward Cub and Scout training awards for courses completed at the University of Scouting you must turn in your registration slip at the Training Award Table in the entry hall of either McIntyre or Thompson Hall as you leave.

FSCC STUDENT PLACEMENT OFFICE

Looking for help, either part or full time? Call the new Fort Steilacoom Community College Placement Director, Mrs. Ann Stringer.

A graduate of DuQuesne University, Pittsburgh, Pa., Mrs. Stringer has served as Financial Aids and Student Employment Counselor at the University of Wisconsin and Financial Aids Coordinator for the 2-year college system for the State of Wisconsin.

"At FSCC, Mrs. Stringer will work closely with students, instructors and employers " said Paul Steadman, Dean of Students.

"Students will be helped through a student work force list. Any student can be placed on a referral list to be contacted when jobs become available. The student will also get help in resume writing and interviewing."

"Instructors at FSCC will continue to be a valuable link between the student and the prospective employer," said Steadman. "The added feature of the Placement Office will be a full time link for those times when instructors are in the classroom and not available to employer inquiries."

"As Job requests come to FSCC, Mrs. Stringer will screen the available and interested students for the prospective employer and refer the applicants according to the employer specifications."

Mrs. Stringer will also follow the students on the job. "We want to be sure that the students we place were properly trained for the position," said Mrs. Stringer.

New Radio CIub Announced

An organizational meeting has been called for the purpose of forming a new public-service amateur radio club.

The purpose of the club is to construct and operate a station to handle free messages and phone patches for the overseas and domestic public. A MARS-type station for civilians, primarily, although contact will be established with military outposts as well.

The club is to be sponsored by the Church of God of Prophecy, at 909 Dartmouth in Fircrest, where the meeting will be held at 7:30pm on Tuesday, October 16th. This address is just across the street from Wainwright School, one block south of 19th and South Pearl.

The public is invited to this open meeting, although active membership will be limited to non-smokers holding General Class license or better.

It is interesting to note that Senator Barry Goldwater sponsors a similar station in Arizona.

NOTES OF INTEREST

The Tacoma Alumnae Cahpter of the Delta Sigma Theta Sorority will meet Sunday, November 11th at 2 PM at the home of Mrs. Chris Turner.

CHICANO-HUMAN RELATIONS MEETING

Released by Robert R. Guadiana
El Comite
James L. Walton

Members of the Chicano community, as represented by El Comite, and various members of the Black community met in a series of meetings to discuss and reslove the issues brought before the Human Relations Commission.

The issues raised by El Comite and the position of the Human Relations Commission, in reference to those issues, were clarified and fully understood by all parties concerned.

MDC'S New Director of Communication Journalism Project

Mr. Ronald Thomas will replace Owens Satterwhite as director of the Metropolitan Development Council's Communications and Journalism Project.

Mr. Thomas a graduate of the Communication and Journalism Project has demonstrated an acute awareness of many of the problems and concerns of the communications industry, especially minority representation and employment.

Mr. Satterwhite, Director of Information will be involved in the project in an advisory capacity.

Savings are based on regular round-trip Coach fare.

Tax included, not Security Charge.

United's Midweek Bargain Fare is now available.

The cities to which it applies—and how much you can save over regular round-trip Coach fare—are all shown above.

Here's all you do to get the Midweek Bargain Fare: Buy your ticket at least seven days in advance for a Tuesday, Wednesday or Thursday departure and return; and stay from seven to nine days.

That's all there is to it.

Of course, United's Midweek Bargain Days won't last forever. Latest departure date is February 28, 1974. (November 20-22 and December 7-January 7 are not included.)

Plus an exclusive bargain from Hertz and United.

An air-conditioned, standard- or intermediate-size Hertz Ford for $119.00 for 7, 8 or 9 days. Return car to city of origin, and get unlimited mileage. Pay only for gas. (Cars are not available at all cities offering the Midweek Fare and some cities may require additional charges if car is not returned to city of origin.)

Ask your Travel Agent for United's Midweek Bargain Fare. Or call United at 927-6700 (in Seattle at 682-3700).

WHAT'S NEW IN EDUCATION?

by William A. Fowler, M.Ed.

How well are you doing your present job? Do you have the skills required for the next step up the ladder or for a new job?

Not long ago, a government official reported that the average employee holds anywhere from five to nine different jobs during his career. Part of this job changing is the result of technology that creates new jobs requiring new skills. For every employee equipped for such changes, perhaps 100 others can't make it.

More and more alert job - holders are upgrading their skills with home study courses. Around the country there are about five million people enrolled in home study. About 87 percent of them are taking career development courses. And 7,000 companies are supplementing their on-the-job training with correspondence courses.

Home study courses have lots of advantages. First, you don't have to be relocated for your training. You can learn at home. Along with basic course material you'll often receive training and audio-visual aids to help you learn faster and more completely.

The right home study course can help you win employment security in today's fast changing world.

To obtain your free directory of accredited private home study schools, write to the National Home Study Council, 1601-18th Street N. W., Washington, D.C. 20009.

If you like the idea of using your skill, you'll like the Army Reserve.
